

Computer System Validation

BKP Technologies, Inc. understands that the value of a risk-based approach to computerized software systems validation (CSV) cannot be underestimated. Whether it's the need for computer system validation as part of a new system implementation, upgrading a system, assistance with the latest 21 CFR Part 11 requirements or an audit of your existing systems and validation status, there is a BKP Tech service to benefit your organization.

Systems Validation Services

- Safety/Pharmacovigilance System Software Validation
 - Oracle's Argus Safety™
 - Aris Global's ArisG™
 - Oracle/Phase Forward's EmpiricaTrace™
